SHORELAND ZONING PERMIT GENERAL INFORMATION (If Applicable)

Name / Phone number of Applicant and/or Authorized Representative

1. Scaled Drawing of existing site to include (see figure #1 below):

- Tax Map/Lot #
- Building/s location/lot lines
- Location of Well/Septic (including alternate site \*)
- Set backs from shore/street
- Existing vegetation between building/shore

Note: if proposed site plan is different from existing, indicate changes on drawings.

2. Scaled Drawing showing side view of the building with existing and proposed grade and elevation (see figure #2 below).

Description of renovation proposal:

---

---

---

\*Renovations increasing useable living space will require an alternate site for septic leaching field approved by a registered soils/civil engineer.

Construction within the setback of the Shoreland Zone may be required to be relocated, the Planning Board shall consider the following when making that determination

• Lot size	• Location of the septic system
• Slope of the land	• Other on-site soils suitable for septic systems
• Soil erosion potential	• Type and amount of vegetation to be removed
• Location of other structures on the property and on adjacent properties	

*(Excerpt from State of Maine Guidelines for Municipal Shoreland Zoning Ordinances, 06-096 D.E.P., Chapter 1000, Section ⇒ 16.D., Procedure for Administering Permits.)*

The applicant shall have the burden of proving that the proposed land use activity is in conformity with the purposes and provisions of this Ordinance.

After the submission of a complete application to the Planning Board, the board shall approve an application or approve it with conditions if it makes a positive finding based on the information presented that the proposed use:

- (1) Will maintain safe and healthful conditions;
- (2) Will not result in water pollution, erosion, or sedimentation to surface waters;
- (3) Will adequately provide for the disposal of all wastewater;
- (4) Will not have an adverse impact on spawning grounds, fish, aquatic life, bird or other wildlife habitat;
- (5) Will conserve shore cover and visual, as well as actual, points of access to inland and coastal waters;
- (6) Will protect archaeological and historic resources as designated in the comprehensive plan;
- (7) Will not adversely affect existing commercial fishing or maritime activities in a Commercial Fisheries/Maritime Activities district;
- (8) Will avoid problems associated with flood plain development and use; and
- (9) Is in conformance with the provisions of Section 15, Land Use Standards.

To the best of my knowledge, all the above stated information submitted in this application is complete and correct.
