*The mission of York County Community Action Corporation is to alleviate the effects of poverty, attack its underlying causes and to promote the dignity and self-sufficiency of the people of York County, Maine.*

YCCAC helps to alleviate poverty in York County by providing a diversity of programs and services. Some of our programs are designed to meet basic needs such as health, shelter, transportation, fuel assistance and nutrition information. Others are designed to help our clients build assets so that they can become financially independent.

YCCAC programs include:

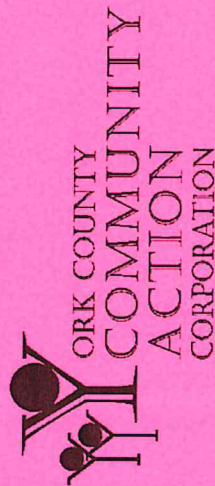

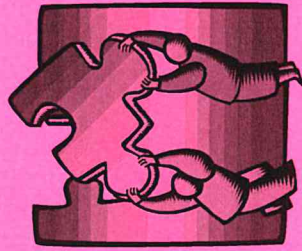

- Community Outreach
- Energy Services
- Weatherization
- Head Start
- Early Head Start
- Housing Services
- Nason Health Care
- Transportation
- WIC - Women, Infants and Children

# Community Outreach

*The Community Outreach Department includes programs which connect individuals and families with needed community resources and those which promote economic independence. We also establish and/or encourage partnerships which engage the community in building solutions to poverty.*

- **Community Outreach:** Outreach Workers connect persons in need with community resources, provide information and referral, serve as advocates, and make home visits to those who are homebound. Contact: See office list (left) for the person assigned to your area.
- **Pathways to Prosperity Program:** Combines transitional housing with case management and a variety of resources and services. Contact 324-5762: Heidi McLeod x2953.
- **York County CA\$H:** Whatever the goal - furthering an education, starting a business, owning a home - this program is Creating Assets, Savings & Hope! Provides information on tax credits, free tax preparation, matched savings known as Family Development Accounts (FDAs), and educational programs regarding post-secondary education, homeownership, goal setting and personal finance.

YCCAC receives funding support from DHHS.
